

SPIRULINA ORGANICA

from

FUJI HEALTH SCIENCE

CERTIFIED USDA ORGANIC

USDA Certification provides assurance that the product complies with standards mandated by the National Organic Program. These standards are comprehensive and cover every aspect of organic farming, processing, transportation, labeling and packaging. The standards specifically preclude the use of synthetic pesticides, herbicides and fungicides, antibiotics, growth hormones, sewage sludge, artificial fertilizers, GMOs and irradiation.

SPIRULINA ORGANICA (organic Spirulina is certified USDA Organic)
